MORSØ COOKERY BOOK

We love food. And we love people. But, most of all, we love when people come together around food.

Over the years, we have come across many people who, each in their way, have enriched our small universe of Danish designed grills and outdoor products which are precisely intended to enable the meeting between people and really tasty food. In our new cookery book we have harvested the best from such meetings, collecting the recipes, anecdotes, and food experiences they have provided. While stock lasts, the book can be bought on eurafrikan.co.za
